## Full Bloom

Amber Felton, executive pastry chef at Hive Bakery & Café in West Palm Beach, took inspiration from a mural by Wellington artist Marc Beauregard. The work, which is located near the restaurant at 418 Palm Street, features verdant foliage and vibrant hues that reappear in Felton's cupcakes. Felton also riffed on the mural's motifs in her flavors: a coconut cupcake with orange marmalade and orange blossom buttercream. [hivebakeryandcafe.com](http://hivebakeryandcafe.com), 561.360.2196
